I wish to express my appreciation to the Boards and various officials of the Town for the co-operation they have extended to this department during the past year.

Yours respectfully,

GEORGE E. SMITH,
Town Treasurer.

The Commonwealth of Massachusetts

DEPARTMENT OF CORPORATIONS
AND TAXATION

DIVISION OF ACCOUNTS

REPORT OF AN AUDIT

OF

THE ACCOUNTS

OF THE

TOWN OF HAMILTON

FOR

The Fiscal Year Ending DECEMBER 31, 1933

Made in Accordance with the Provisions of
Chapter 44, General Laws

January 24, 1934

REPORT OF AN AUDIT OF ACCOUNTS

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
DIVISION OF ACCOUNTS

STATE HOUSE, BOSTON

January 24, 1934

To the Board of Selectmen

Mr. William H. Woodason, Chairman
Hamilton, Massachusetts

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of Hamilton for the fiscal year ending December 31, 1933, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts

TNW:CAB

REPORT OF EXAMINER

MR. THEODORE N. WADDELL

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Hamilton for the fiscal year ending December 31, 1933, and report thereon as follows:

The financial transactions of the town as recorded on the books of the several departments receiving and disbursing money for the town were examined and checked.

The town accountant's books and records were examined and checked. The recorded receipts were compared with the treasurer's cash book and with the records of all other departments collecting money for the town or committing bills for collection, while the recorded payments were checked with the treasury warrants and with disbursements shown on the treasurer's books.

The appropriations, loans, and transfers voted by the town, as shown by the town clerk's records, were listed and compared with the charges against the several appropriations.

The ledger was analyzed, the necessary adjusting entries were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1933.

The town treasurer's books and accounts were examined. The records of receipts were compared with the records in the several departments in which money was collected for the town and with the other sources from which the town received money, while the payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash book was totaled for the period of the audit and the cash balance on January 6, 1934, was verified by reconciling statements furnished by the banks in which town funds are deposited.

The debt and interest transactions were verified by comparing the payments with amounts falling due and with the canceled securities and coupons on file.

The savings bank books representing the investments of trust funds in the custody of the town treasurer were examined, listed, and checked to the town treasurer's records and the town accountant's ledger.

The books and accounts of the tax collector were examined and checked. The taxes outstanding at the time of the previous examination were audited, and all subsequent commitments of taxes were proved to the assessors' warrants authorizing collections. The abatements were checked with the assessors' records of abatements granted, the payments to the treasurer were verified by a comparison with the treasurer's record of receipts, and the outstanding accounts were listed and proved.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The town clerk's records of sporting and dog licenses issued were examined, and the payments to the Division of Fisheries and Game and to the town treasurer were verified.

In addition to the above-mentioned departments, the records of all other departments receiving money for the town or committing bills for collection were also examined.

The surety bonds of the several officials for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are

tables showing a reconciliation of the treasurer's cash, summaries of the various tax and departmental accounts, as well as tables showing the condition and transactions of the trust funds.

For the courtesies extended and the assistance rendered by the various town officials during the process of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,

EHF :CAB

Chief Accountant

DEPARTMENT OF WEIGHTS AND MEASURES

To the Board of Selectmen of Hamilton:

Gentlemen—In compliance with General Laws, Chapter 98, Sec. 34, I herewith submit the annual report of this department for the year 1933.

	Adjusted	Sealed	Non-sealed	Con-demned
Scales:				
Platform over 5000 lbs.	..	1	1	..
Platform 100 to 5000 lbs.	4	15
Counter under 100 lbs.	..	10
Beam under 100 lbs.	1	8
Spring over 100 lbs.	..	4
Spring under 100 lbs.	1	30	..	4
Computing under 100 lbs.	1	14	..	1
Personal weigher (slot)	..	1	..	1
Prescription	..	1
Weights:				
Avoirdupois	3	120
Apothecary	..	36
Metric	..	12
Volumetric measures:				
Liquid measures	..	40	..	10
Automatic measuring devices:				
Gasoline pumps	..	18
Kerosene	..	4	2	..
Quantity stops on pumps	..	79
Gasoline Meters	..	8

Linear measures:

Yard Sticks	..	3	..	.
Vehicle tanks	..	4

Trial Weighings and Inspections Required by Law.

	Tested	Correct	Under	Over
Bread*	90	36	14	40
Dry Commodities	34	23	..	11
Fruits and Vegetables	25	11	1	13
Kindling Wood
Pedler's Licenses	9
Bread Labels	65
Pedler's Scales	2	1	..	1
Ice Scales	4	4
Junk Scales	1	1
Oil Jars
Coal certificates reweighing	4	3	..	1
Clinical Thermometers	59

* One hearing was held on short weight of bread.

Permanent records are kept at the Town Hall, showing individual tests and inspections, as well as all sealings, together with fees.

Respectfully submitted,

FRANK B. CROWELL,

Sealer

REPORT OF THE TOWN CLERK

To the Citizens of the Town of Hamilton:

Greetings: The report of the Town Clerk's office for the Town of Hamilton for the year of 1933 is herewith submitted.

VITAL STATISTICS

During the year 1933 the births numbered 35; this is 2 more than the previous year.

BIRTHS RECORDED

1933

David Lindsay, son of
William and Margaret (Mackey) Wilson.

Beverly Eunice Loraine, daughter of
Hugh C. and Mildred F. (Hitchings) Wentworth.

Gaetano Alberghini, son of
Louis and Anne (Nimechick) Alberghini.

Daniel James, son of
John F. and Mary E. (Burns) Counihan.

Grace Sylvia, daughter of
Hovey Francis and Grace Sylvia (Ingalls) Humphrey.

Barbara Ann, daughter of
Leo and Esther Margaret (Sullivan) Elario.

Ruth Edna, daughter of
Marcius and Vennetta (Rutledge) Babcock.

Eileen Philomena, daughter of
Michael and Mary (Hurley) Halleran.

Joan Marion, daughter of
John and Marion (Meuse) Dixon.

Marion Jean, daughter of
John Richard and Marjorie Evelyn (Thorton) Saunders.

Wayne Abbott, son of
Wallace R. and Ethel (Gilleatte) Mann.

Betty Jean, daughter of
James Warren and Florence Hazel (Marshall) Day

Charles Herbert, Jr., son of
Charles H. and Helen M. (Chisholm) Harding.

David Edward, Jr., son of
David E. and Catherine M. (Wetson) Kinsella.

Dorothy Annie, daughter of
George D., Jr., and Evelyn M. (Hatt) Grant.

John Randolph, son of
Sumner and Mary (Weld) Pingree.

Marilyn Elizabeth, daughter of
Arthur A. and Ruth C. (Sprague) Buckley.

Paul Wentworth, son of
Harold A. and Dorothy (Whitehead) Leathe.

Nancy Jane, daughter of
James S. and Barbara C. (Williard) Lewis.

Frederick Joseph, son of
Lawrence Edward and Viola (Lapointe) Dodge.

Robert Joseph, son of
John and Katherine A. (Madigan) McParland.

Jeanett Marie, daughter of
John H. and Margaret M. (Millett) Ostrom.

Regina Dolores, daughter of
Ralph H. and Elizabeth A. (Tully) Swenson.

Eleanor Marilyn, daughter of
Hollis and Marguerite (Seaver) Hitchings.

John Byers, son of
Walter J. and Beatrice (Gray) Emeney.

Sally Ann, daughter of
Henry A. and Muriel (Gould) Tarr.

Priscilla Ann, daughter of
Lewis F. and Helen K. (Kerrigan) Day.

Alexander C., Jr., son of
Alexander C. and Constance (Hotchkiss) Begg.

Elda Mary, daughter of
Charles and Rosie (Bombardary) Lamberti.

Richard Edward, son of
Clifton Edward and Gladys Elizabeth (Morrow) Hook.

David Dean, son of
Walter E. and Hazel E. (Landers) Dodge.

Lucy Ann, daughter of
M. Keith and Carolyn (Wyman) Lander.

Raymond Joseph Lucien, son of
Lucien and Blanche (Pinault) Fraser.

Mary Susan, daughter of
Edgar and Margaret (Nichols) Andrews.

Nancy Mae, daughter of
Everett G. and Winnifred N. (Wilkinson) Stanley.

MARRIAGES RECORDED

1933

Carson Joseph Coleman of Hamilton, Mass.
Sarah McClelland of Danvers, Mass.

James Wilson of Hamilton, Mass.
Martha Edge of Hamilton, Mass.

Laurence Mills of Hamilton, Mass.

REGISTRATIONS

During the past year the Board of Registrars held four meetings, one at the Engine House and three at the Town Hall. The total number registered at these meetings is as follows:

Men	48
Women	36
	—
	84

The total number of voters dropped from the voting list during the past year is as follows:

Men	27
Women	27
	—
	54

The total number of voters eligible to vote in the Town of Hamilton, Dec. 31, 1933, is as follows:

Men	612
Women	551
	—
Total	1,163

All money due the State and County for sporting and dog licenses has been turned over to the proper authorities and certified to by the accountants.

TOWN MEETINGS, 1933

A Special Town Meeting was held January 6, 1933, at seven-thirty o'clock P. M. At this meeting the sum of \$8,000.00 was appropriated from Revenue for special work to be done by the unemployed under the direction of the Selectmen.

The Annual Town Meeting was held March 14, 1933. At this

meeting the sum of \$133,961.79 was appropriated to meet the expenses of the Town for the current year.

A Special State Election was held June 13, 1933. The polls opened at 12 o'clock noon and closed at 8 o'clock in the evening. This election was for the purpose of ratifying or rejecting the Twenty-first Amendment to the Constitution. The vote was as follows:

Votes by Men	240
Votes by Women	121
	<hr/>
Total votes cast	361
Delegates opposed to ratification	67
Delegates favoring ratification	279
Blanks	15 *
	<hr/>
	361

Shall licenses be granted in this Town for the sale therein of Wines and Malt Beverages?

Yes	264
No	88

A Special Town Meeting was held on August 15, 1933. At this meeting it was voted to appropriate the sum of \$8,000.00 for Unemployment Relief, the money to be taken from the Excess and Deficiency Fund.

Respectfully submitted,

GEORGE GIBNEY HARADEN,

Town Clerk.

Total Excise Tax Levy		\$5,573 99

TO THE TAXPAYERS OF HAMILTON

As far as we can see ahead at the present time, the estimated receipts for the year 1934 should be about the same as those shown in our report this year, so if the expenditures are made

smaller for the coming year there would be a small reduction in the 1934 tax rate.

There have been so many changes and new laws in regard to local taxation by the State Legislature, that it is hard for everyone to keep track of them. The most important ones are: that all personal statements should be in the hands of the assessors on or before May 15th, all applications for abatements or errors should be reported at once, on real or personal before December 31st of the year of the tax.

Any person changing number plates on cars on account of changes in insurance, etc., should notify the assessors at once, so that they will not get two tax bills on the same car.

The Excise Tax for 1934 on cars is \$32.14 per thousand valuation, an increase of 59 cents per thousand over last year. This rate is made from an average of the tax rates on all cities and towns in Massachusetts.

We have had many complaints in regard to the high valuations of old cars. These valuations are set by the State Department and after a car is five years old there is no further reduction in valuation.

The Board of Assessors does not intend, nor would it be justified, in making any drastic reductions in real estate throughout the town as a whole. This would immediately cause a higher tax rate, which would cause the town great trouble in negotiating loans or procuring money to conduct the town's business.

Respectfully,

GEORGE E. SAFFORD,
JESSE S. MANN
ROBERT H. CHITTICK

Board of Assessors.

JURY LIST FOR 1934

Edward J. Ready, Asbury Street, Salesman
William A. Brumby, Arlington Street, Retired

Accidents reported in town			23

I wish to take this opportunity to thank all who have assisted this department during the past year, and especially the Board of Selectmen, who have co-operated at all times, and the Town Clerk, who has done clerical work and used his car for police work on many occasions at no expense to the Town.

Respectfully submitted,

BENJAMIN A. DODGE,

Chief of Police.

REPORT OF THE CEMETERY COMMISSIONERS

To the Citizens of the Town of Hamilton.

GREETINGS:

The Cemetery Commissioners submit herewith their report for the year ending December 31, 1933. A number of improvements were accomplished in the past year in our cemetery.

We wish to thank Miss Mary Curtis for her gift to the Cemetery Department of 1,000 gallons of Tarvia. It was through this generous gift that we were able to resurface and oil the Main Avenue. It has been necessary in past years to close this avenue in the spring of the year because of its condition. We believe that this condition is a thing of the past in the Hamilton Cemetery.

Not only has Main Avenue received attention, but all the rest of the avenues have been improved by covering with a light coat of gravel.

Another gift which the Department has received is that of six rubbish cans, which have been placed about the Cemetery at convenient locations for the disposal of old flowers, papers, etc. These cans were given to the Cemetery Department by Mrs. Annie Gibney, and we, the Commissioners, wish to thank Mrs. Gibney for her gift. These rubbish receptacles have been a long-felt need in our Department.

A toilet has been installed in part of the tool house by partitioning off a section of the same, and installing a septic tank.

With the co-operation of the Unemployed Committee it has been possible to construct a number of improvements in the Cemetery which have beautified it immensely. Two tulip beds have been made on each side of Central Avenue at the entrance of the Cemetery. In the spring of the year these beds are full of tulips.

After these are gone they are replaced with geraniums, which last throughout the summer. The unemployed men have given the Tomb and the tool house a coat of paint. Brush has been cut away in the new part of the Cemetery and two more avenues have been laid out and excavated by these men.

The filling in of the paths between the lots has been completed and sown with grass seed.

We, the Cemetery Commissioners, wish at this time to express our sincere thanks to the Unemployed Committee for their hearty co-operation during the past year. The improvements which have been accomplished were made possible to a certain extent by that committee.

LEWIS B. NORTON, *Chairman*
RAYMOND A. WHIPPLE
LAWRENCE E. ANDERSON

Cemetery Commissioners.

REPORT OF PARK COMMISSION

During the year your committee, with the co-operation of the Unemployment Committee, have made some improvements at Chebacco Park which we felt were very much needed. A guard rail was erected along the roadway leading from the main highway into the park. Another improvement made was the cleaning out of the weeds and bushes along the waterfront. This greatly enlarged the beach and made bathing much safer. This spot continues to be a popular one for picnic parties and we are asking the co-operation of all who use it to help in keeping it neat and clean.

The guns at Memorial Green were given a coat of paint, but no work other than general maintenance was undertaken. To preserve the shrubs around the boulder it will be necessary next year to clean out and transplant some of the taller bushes which are killing the lower growing varieties. We wish to bring to your attention that sooner or later a curbing will have to be placed along at least two sides of the Green. This is necessary to protect the edges, which are being continually broken down by automobiles.

At Cutler Park we have kept the grass mowed and the grounds clean.

May we extend our sincere thanks to all those who have assisted us during the past year.

LAWRENCE R. STONE. *Chairman.*
LAWRENCE E. ANDERSON. *Secretary.*
RAYMOND H. STONE.

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of the Town of Hamilton.

During the year 1933, individuals and municipalities throughout the nation have experienced no apparent relaxation of the strain caused by the national financial depression.

The Town of Hamilton is in a very fortunate position financially, as compared with numerous other municipalities, and is rated as one of the outstanding towns of the State in this respect. Conservative demands of our citizens, together with careful management by all departmental heads, is responsible for this sound financial rating.

The tax rate for 1933 was reduced \$1.40 per thousand, making the rate \$22.30. This is the lowest tax rate since 1925. Having in mind the uncertain employment conditions and the possibility of appropriations to aid the needy unemployed of the Town during 1934, we hope the present tax rate can be maintained, provided the voters authorize no new projects. Reduction in assessed valuation of property will increase the tax rate accordingly.

The Unemployment Committee has unreservedly given of their time to the needy unemployment situation and we heartily thank them for their co-operation with the Board of Selectmen in this matter. The work of this committee eased off considerably, starting December 1, 1933, by reason of the Federal Civil Works Administration relief program to take care of general unemployment. The Unemployment Committee, however, stands by for action in event of the needy unemployed situation again becoming acute.

During this year three outstanding citizens and former officials have passed away, regretted by our townspeople:

January 20, 1933, FRANCIS G. NORTON, who for many years held various Town offices.

September 4, 1933, CAPT. HOUSTON A. THOMAS, former Selectman and always active in Town affairs.

November 18, 1933, MISS ANNIE E. WOODBURY, for many years Town Treasurer, until her resignation on February 4, 1933, on account of ill health. Her genial smile and pleasant greeting will always be remembered.

This has been an exceptionally busy year in Town affairs, and we have carried out the wishes of the voters impartially, wholeheartedly, and for the best interests of the Town.

We extend our thanks to all Town officials for their efficient and cordial co-operation in all matters concerning this municipality.

Yours respectfully,

WILLIAM H. WOODASON
EDWARD A. DEWITT
JONATHAN LAMSON

REPORT OF TRUSTEES OF PUBLIC LIBRARY

To the Citizens of Hamilton.

The Trustees of the Public Library submit their report for the year 1933.

The purchase of books during the past year was curtailed because of the cut in the appropriation for library purposes. A budget requirement of seventy-five volumes per month should be our goal, to care for the borrowers totaling 837 card holders. At an average cost of two dollars, this would call for an expenditure of one hundred fifty dollars a month, or eighteen hundred dollars per year. We realize that this amount is prohibitive at the present time, but it is the amount we should work for. We do know, however, that the smallest possible amount necessary to give fair service, is approximately one thousand dollars a year; we have set up in the budget for 1934 less than nine hundred dollars for this item.

Pursuant to a vote taken at the October meeting of the Trustees, a survey of the lighting conditions at the Library in the Town Hall was requested of the Beverly Gas and Electric Company. The survey was made and recommendations submitted. The report calls for an estimated expenditure of two hundred dollars, covering fixtures and necessary installation. We have included in the warrant for the Annual Town Meeting an article requesting the appropriation of two hundred dollars for this item.

The budget, as estimated for 1934, is as follows:

Overhead expense	\$1,237 40
Subscription expense	380 50
Books, fiction, non-fiction and reference	884 10
	<hr/>
Total estimated budget	\$2,500 00

It is for you, the citizens of the Town, in annual meeting assembled, to say what the appropriation shall be. If you desire service from the Library, then vote for the amount requested by the Trustees.

Detailed statistics will be found in the report of the Librarian.

Respectfully submitted,

CHESTER H. KNOWLES
BARBARA M. GAGE
ARTHUR W. CHANDLER

LIBRARIAN'S REPORT

To the Trustees of the Public Library.

Herewith is presented the forty-first annual report of the Library.

The circulation for 1933 was 1,278 less than that of 1932. The demand for new books greatly exceeded the supply. Whereas in former years were purchased 650 or 700 books, this year, due to reduction in our budget, about half as many were purchased.

Our work with the children still continues to hold a large part in the curriculum of the Library. One subscription in each of four groups of children's books as published by the Junior Literary Guild was taken last year. These books supply reading for the children at the Adelaide Walsh School as well as the South School. These books are considered the very best for children's reading and credit is given in the School Reading List.

Our reading rooms are used as a reference room and also delivery room. This makes the rooms overcrowded and not nearly large enough for those who wish to use it.

We have some new books of reference on our shelves. Others are old and out of date. We recommend for purchase this year one set of the Encyclopaedia Britannica.

We have re-registered our borrowers, and have now 837 names in our registration files.

We extend our thanks for the gifts of magazines and books sent to our Library during the past year.

The Main Library is open Wednesday and Saturday, 3 to 5 and 7 to 9 P. M. The Branch Library is open Tuesday and Friday, 3 to 5 and 7 to 9 P. M.

Respectfully submitted,

LYDIA L. HARRADEN,

Librarian.

REPORT OF FIRE DEPARTMENT

Hamilton, Mass., Jan. 1, 1934.

To the Honorable Board of Selectmen.

Gentlemen: The Engineers of the Fire Department herewith submit their report for the year ending December 31, 1933.

The Department has responded to 45 alarms as follows: 1 false, 18 stills, 20 bells, 2 to Essex, 1 to Topsfield, 1 to Ipswich and 2 Inhalator calls. Total amount of hose laid is 21½-inch 8400 feet, 1½-inch 2400 feet, ¾-inch 1000 feet. 440 gallons of chemical and 5 gallons of Foamite were used.

During the year the following equipment has been purchased.

6 rubber coats and 1 driver coat

Installed water pump and heater

Windshields for Ford and Seagrave

2 vapor-proof electric lights

Heavy rear springs for Seagrave

1 gallon Carbon Tetachloride Extinguisher (for oil and electrical fires).

The Unemployed painted the outside of the Engine House two coats and the inside of the Assembly room and whitened the ceiling. Screens were also made.

Respectfully submitted,

A. MERRILL CUMMINGS
 EARL E. JOHNSON
 JOHN E. CROSS
 DOUGLAS H. KNOWLTON
 RUDOLPH H. HARADEN

REPORT OF THE SURVEYOR OF HIGHWAYS

To the Citizens of the Town of Hamilton:

The following report of the operation of this department for the year ending December 31, 1933, is respectfully submitted.

In common with many other municipalities, our Town has had more work done on the roads during the past year than in any other similar period. This was directly due to the requirements of the Federal authorities, who, where financial assistance was rendered, stressed the importance of putting people back to work.

We have, as a result of this opportunity, had the condition of our roads greatly improved at a minimum cost to the taxpayers. A general program was followed whereby all the graveled roads were scraped and dragged and many oiled and re-treaded. Most of our highways are now in good condition and upon completion of the projects now under consideration all outlying roads will be in first-class condition.

Aside from material benefits the Town derived from the CWA and State projects, of greater importance was the fact that so many of our citizens were provided with means of employment during these hard times.

The valuable assistance rendered by the Town officials and the various departments has been most encouraging and has aided me greatly in working out my program.

I have endeavored to carry out the wishes of the citizens and take this opportunity of expressing my appreciation of their friendly and co-operative spirit.

Respectfully,

FRANCIS C. MOYNIHAN,

Surveyor of Highways.

REPORT OF HAMILTON COMMITTEE ON UNEMPLOYMENT

To the Citizens of the Town of Hamilton:

The Town appropriated for the purposes of this committee \$8000. each on January 6, March 14, and August 15. This amount with the balance of \$264.94 on January 1st made \$24,264.94 available. Of this amount \$17,198.46 was expended for wages and \$5140.00 for material, trucking and other expenses. Early in December the duties of this committee were practically absorbed by the CWA and since \$700 was required of the town to make the projects available in the town satisfactory to the Federal authorities such use being considered within the purpose of the appropriation, to keep the ratio between manpower and other costs acceptable to the Federal authorities. The balance on December 31st for the needy unemployed was \$1226.46.

The average number of men employed weekly before the work was taken over by the CWA was thirty-eight, reaching a peak of fifty-six men during the week of March 25. The fewest number was 13 in the week of March 4. After the CWA took over the work, but five were left upon the rolls, they being unable to perform heavy labor.

An innovation which the committee considers highly satisfactory was the purchase of a Ford dumping truck of modern type. This was bought September 1, at a cost of \$795. It has since then done 516 hours of work which otherwise would have had to be paid for to outside parties. Current rates for such trucks are, with a driver, \$1.25 per hour; without a driver 75 cents. The cost for gas, oil, etc. was \$43.20. By availing itself of the services of one of the unemployed as driver, the committee effected a further saving of 10 cents per hour, showing a total net saving of \$395.40, or practically one-half the cost of the truck in four

months, leaving it still in perfect resale order or available for further work. By courtesy of the Cemetery Committee, its truck was also put at the disposition of this committee and put in 264 hours during the year—a fine example of courtesy and flexibility among committees.

As noticed in our report to the last special town meeting, labor for routine highway department maintenance and other town activities has been provided from the committee's list, the fund thus carrying a substantial proportion of the cuts in those appropriations prescribed by the last annual town meeting. Splendid cooperation has been extended by all town officials and others with whom the committee has come in contact. Without it, results accomplished could never have been achieved.

The committee has greatly missed the advice and services of Mr. Percival D. Whipple, a member since its inception and chairman at the time of his resignation, enforced by pressure of private business. Mr. Whipple has been a very considerable element in fixing and carrying out the policies of the Board.

The projects carried on by the committee during the past year with their cost, are listed below, also the expenditures by months.

Respectfully,

WILLIAM A. BRUMBY,
Chairman
HAROLD PORTER,
Secretary
GEORGE S. MANDELL,
MARCUS BABCOCK

In Memoriam

ANNIE ESTHER WOODBURY

NOVEMBER 18, 1933

Born October 10, 1871 at Hamilton, Mass. Daughter of John L. and Martha E. (Whittredge) Woodbury.

Miss Woodbury attended our local schools and completed her education at Newburyport, Mass., later becoming Town Librarian. The Library at that time was located in her home, and was later transferred to the new Town Hall, where she continued to serve for one year.

Later serving as postmistress and finally succeeding her father, after the latter's death, as Treasurer of Hamilton from February 12, 1923 to February, 1933, at which time she resigned on account of ill health. For a period Miss Woodbury also served as Tax Collector.

She has completed a busy life and will always be remembered for her kind deeds and interest in the affairs of the Town and its people.

Note: It is regrettable that there was no photograph of Miss Woodbury available for this Town Report.

In Memoriam

FRANCIS C. NORTON

JANUARY 20, 1933

Born at Essex, May 29, 1845, son of Oliver Norton of Essex and Elizabeth Patch of Hamilton, Mr. Norton served the town long and faithfully for over 30 years. He served on the Cemetery Commission for 28 years, Park Commission 14 years, was Trustee of the Public Library for 7 years. He also served the town from time to time in various other offices.

Mr. Norton took an extreme interest and pride in his town and gave freely of his time and was always ready to help in any possible way. It was through his efforts that a movement was started which resulted in the bodies being moved from the Old Graveyard (now part of Cutler Park) to the Town Cemetery across the street.

FRANCIS C. NORTON

In Memoriam

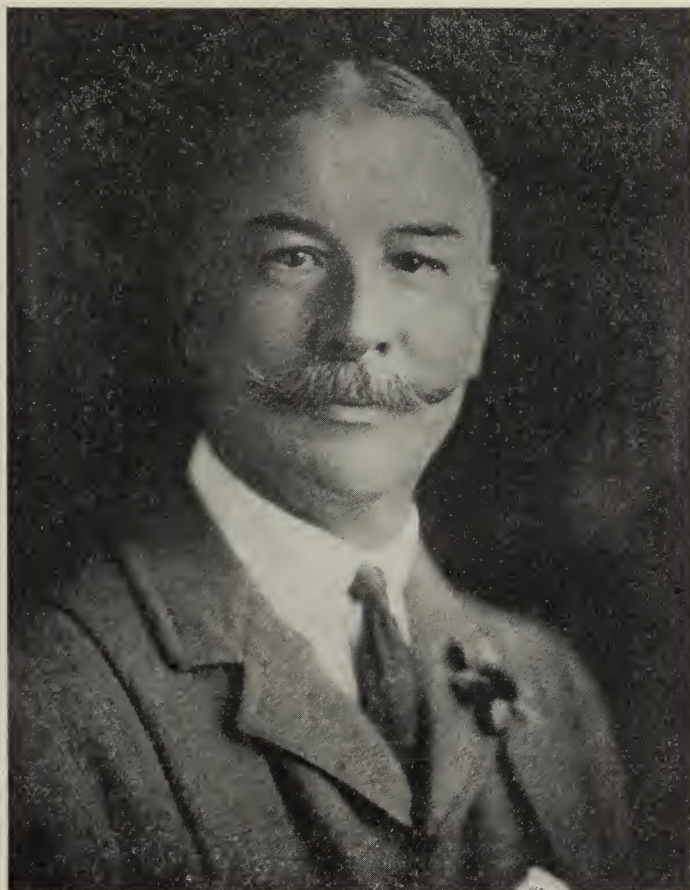

CAPTAIN HOUSTON A. THOMAS

SEPTEMBER 4, 1933

Born August 12, 1872, in Englewood, New Jersey, son of Colonel Addison Thomas and Alice Gridley Abbott. In his passing Hamilton has lost a highly respected citizen, and one who was a friend to everyone he met, irrespective of station.

Captain Thomas was a nephew of the late Marshall K. Abbott, the first president of the Myopia Club. He served the town as Selectman in 1909-10, was president of Community Service, chairman of Essex County Red Cross, captain of the State Guard, and a member of the Myopia Club.

A legion of friends mourn his loss.

CAPTAIN HOUSTON A. THOMAS

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of the Town of Hamilton.

During the year 1933 the expenditures for local welfare show no great increase, but expense for outside relief has been greater. That is to say, cases which have a settlement in Hamilton and who are living in and receiving aid from outside cities and towns, and for which Hamilton has to pay the charges incurred. This Board has little control over the amount of aid given outside cases. Following is a record of department disbursements for the year:

WELFARE

DISBURSEMENTS

Out of town	\$5,883 88	
Local	4,092 07	
Local Old Age Assistance	2,076 00	
Out of Town Old Age Assistance	325 00	
Administration expense	150 10	
	<hr/>	\$12,527 05

RECEIPTS

1933 Welfare Appropriation	\$9,000 00	
1933 Overdraft	3,527 05	
	<hr/>	\$12,527 05

NOTE: Reimbursements received by the Town for Welfare are credited direct to Surplus and therefore the above account shows no credits.

The following report figured on an accrual basis for comparative explanation and is not part of the regular figures used in the Accountant's or State Auditor's report, which are figured on regular municipality basis of year to year:

Total Disbursements, 1933		\$12,527 05
1933 Receipts:		
1st 6 months allotment from Federal Relief Fund	\$1,053 71	
*Dec. 31, Due 2nd allotment from Federal Relief Fund	1,415 61	
Received from all other sources during 1933	2,592 10	
Dec. 31, Bills receivable	2,435 64	
	<hr/>	
	\$7,497 06	
Actual estimated cost to Town for Welfare, 1933	5,028 29	
	<hr/>	
	\$12,527 05	\$12,527 05

EDWARD A. DE WITT
JONATHAN LAMSON
WILLIAM H. WOODASON

* The only exception to payment of this amount to Town is the slight possibility that the Civil Works Administration might transfer this amount to the CWA fund.

WARRANT FOR THE ANNUAL TOWN MEETING

ESSEX, SS. *To either of the Constables of the Town of
Hamilton.*

GREETING :

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Hamilton, qualified to vote in elections and Town affairs to meet in the Town Hall in said Town on Tuesday the thirteenth day of March, nineteen hundred and thirty-four (March 13, 1934) at fifteen minutes before six in the forenoon (5.45 o'clock A. M.), then and there to act on the following articles, viz :

ARTICLE 1. To bring in your ballots for :

Moderator for one year

Town Clerk for one year

Three Selectmen for one year

Three Overseers of Public Welfare for one year

Treasurer for one year

Tax Collector for one year

One Surveyor of Highways for one year

Tree Warden for one year

Three Constables for one year

One Assessor for three years

One Member of the School Committee for three years

One Library Trustee for three years

One Cemetery Commissioner for three years

One Cemetery Commissioner for two years

One Park Commissioner for three years

One Park Commissioner for one year.

All on one ballot.

The Polls will open at fifteen minutes before six in the morning and may be closed at one o'clock in the afternoon (1 o'clock P. M.). After the close of the Polls the remaining articles of the warrant shall be acted upon.

ARTICLE 2. To choose and appoint all other Town Officers in such manner as the Town shall determine.

ARTICLE 3. To hear the report of the Town Officers and of the Finance and Advisory Committee and all other committees and take any action thereon.

ARTICLE 4. To raise and appropriate money for Schools, Highways and all town expenses and determine the manner of expending same.

ARTICLE 5. To see if the Town will appropriate the sum of \$3,527.05 to cover the overdraft on Public Welfare for year 1933.

ARTICLE 6. To see if the Town will appropriate the sum of three hundred dollars (\$300.00) to provide a new boiler return pipe system to replace the present worn out piping on that part of the Town Hall heating plant, or take any action thereon.

ARTICLE 7. To see if the Town will appropriate a sum of money for an adequate water supply for the Fire Hydrant system at South Hamilton, or take any action thereon.

ARTICLE 8. To see if the Town will appropriate a sum of money for unemployment in the Town, or take any action thereon.

ARTICLE 9. To see if the Town will appropriate the sum of \$500 to properly drain Mill Street, or take any action thereon, as petitioned for by Thomas Ryan and others.

ARTICLE 10. To see if the Town will appropriate the sum of \$150.00 to build a sidewalk on the north easterly side of Linden Street from Home Street to Union Street, or take any action thereon, as petitioned for by John J. Powers and others.

ARTICLE 11. To see if the Town will appropriate the sum of \$200.00 to change the lighting system at the Public Library, in Town Hall, or take any action thereon, as recommended by the Trustees of the Public Library.

ARTICLE 12. To see if the Town will vote to recommend that the Board of Health make provision for the collection of garbage in that part of the Town called the Center, beginning at Miles River Station on Bridge Street to Main Street and from the residence of Alice Dodge on Main Street as far as the residence of George v. L. Meyer, or take any action thereon, as petitioned for by Robert B. Walsh and others.

ARTICLE 13. To see if the Town will accept Central Avenue, so called, as laid out by the Selectmen, and as per plan on file in the Town Clerk's office, and appropriate a sum of money to construct same, or take any action thereon, as petitioned for by Franklin D. Bell and others.

ARTICLE 14. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the municipal year beginning January 1, 1935, in anticipation of the revenue of said municipal year, such sums of money as may be necessary to meet the current expenses of the Town, giving the note or notes

of the Town therefor, any debt or debts incurred under this vote to be paid from revenue of said municipal year.

ARTICLE 15. To see if the Town will authorize the Collector to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use agreeable to Chapter 41, Section 37, of the General Laws.

ARTICLE 16. To act on any other matter that may legally come before said meeting.

And you are directed to serve this warrant by posting attested copies thereof, one at the Town Hall, and one at each of the three post offices in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, at the time and place of holding said meeting.

Given under our hands this 19th day of February, A. D. 1934.

WILLIAM H. WOODASON

EDWARD A. DE WITT

JONATHAN LAMSON

Selectmen of Hamilton.

TOWN OF HAMILTON

REPORT

OF THE

Finance and Advisory Committee

ON THE

Appropriations and Articles

FOR THE

ANNUAL TOWN MEETING

MARCH 13, 1934

SALEM, MASS.

Newcomb & Gauss Co., Printers

1934

RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

To the Citizens of Hamilton:

On making our report for 1934, the Finance Committee feels that while the amount requested at the March meeting is somewhat smaller than last year, the total appropriation for 1934 will exceed by a substantial amount that of 1933.

In 1933 we held a special town meeting in August. This year in all probability another meeting will have to be called during the summer, at which time additional appropriations will have to be made. At this time the amount of these appropriations is difficult to determine owing to the uncertainties of the C. W. A. program and the action of the State Legislature.

In making our recommendations we have endeavored to suggest such sums which in our opinions is sufficient for the various departments without impairing their efficiency.

Below are the departmental appropriations for 1934:

APPROPRIATIONS

	1933 <i>Appropriation</i>	1933 <i>Spent</i>	1934 <i>Recommended</i>
Selectmen	1,200 00	1,211 77	1,200 00

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
OF THE
TOWN OF HAMILTON
FOR THE YEAR
1933

SALEM, MASS.
NEWCOMB & GAUSS CO., PRINTERS
1934

REPORT OF THE SCHOOL COMMITTEE

Citizens of the Town of Hamilton:

Your School Committee presents herewith a report of the operation of your School Department for 1933, together with recommendations for the future.

The year 1933 has been one of the most trying periods in the history of public education. Educators are aware of the economic situation and of the fact that school systems had many frills attached to them during "boom" days which had no place in a system during economic depression. Your School Committee has eliminated the "frills" and has retained only the essential features of education. We repeat from our report of 1931 ". . . as your school department directly and indirectly affects the largest percentage of individuals in this community, the operations of the Committee during the past year have been with the sole purpose of 'the greatest good to the greatest number.'"

EDUCATIONAL

The one agency of society that must come through this economic depression is the Public School System. It is our one guarantee of the intrenchment and maintenance of high American standards of living. Education is the clear-cut medium for their preservation and for the enlightenment of future citizens.

The responsibility of administering a Public Educational System is great and we are charged with the main objective of providing society with useful and good citizens. The faculty of the schools of the Town of Hamilton are fully aware of their responsibility, and their united response to this objective has been sincere and successful during 1933. Their system of teaching has been adapted to meet changing conditions. New courses have been offered to make the training for citizenship more complete. Modern textbooks have been purchased to provide our students

with the best material available. Introduction and purchase of textbooks has been cautious because of necessity.

Registration in the High School increased twenty-four pupils over that in 1932. This fact presented us with the problem of larger classes which would not allow teachers to present their best efforts to all of the pupils. Many problems arose which were a result of this condition. Therefore, it was deemed advisable by your Committee to appoint a new teacher to the faculty, one who would relieve overcrowded classes and overworked teachers and also take over the duties of coaching varsity athletics. This procedure was consistent with our purpose of "the greatest good to the greatest number."

Your School Department has an excellent faculty which is doing fundamental work with the pupils in character training. Students who receive passing grades in Hamilton compare favorably with students covering the same material in other communities and in many instances our standards are higher. We are constantly endeavoring to raise the standards of education in Hamilton in order to conform with the best systems in the State.

Financial assistance from the Federal government was received by your Committee, so that a Nursery School has been introduced in cooperation with the Town of Wenham. If this additional feature of our school system is successful and desired by the citizens, we hope it will become permanent.

Discipline is of fundamental importance in the conduct of an educational system. We strive to have discipline in our schools firm yet humane.

The Junior High School is the transition period from Intermediate grades to Senior High School, each child is treated as an individual.

Hamilton Junior High School is partially devoted to the problem of the slow child. It is child conscious. In addition to regular prescribed courses for average pupils we operate special

classes of instruction for those students so that they will approach the results of the average student in Hamilton and not force us to reduce our standards to the detriment of many. This feature has been successful in our system. The procedure is elastic in that as soon as a pupil attains the prevailing standard he is promoted to the regular class. Sickness, absence, social functions, and outside interests contribute much to failures. To reduce these failures and have a more standard system, we maintain these classes.

BUILDINGS AND GROUNDS

The school buildings are maintained in good physical condition. Last year the exterior of the South School was painted, as well as the interior of two classrooms and the hallways. With the assistance and cooperation of the Unemployment Committee, the outside trimming, two classrooms, hallways, and basement in the Adelaide Dodge Walsh School were painted and repaired. Minor repairs to school property were made during the year.

PHYSICAL TRAINING

Varsity athletics and physical training are now a permanent department in our school system. It is another department; it has no more importance than any other. It is school controlled, receiving the same attention that any other department of your school system deserves. Its educational value lies in the body-building results. To quote from the report of your School Committee of 1932: "The most important feature in a Physical Education program is not the victorious team on the field, but equal opportunity to each student to participate in some form of physical exercise and learn the true value of sportsmanship."

FINANCIAL

The most vexing problem confronting us during 1933 was reduced finances and increased enrollment. The additional stu-

dents in the High School required the purchase of additional books because the increase was not anticipated to be as large as resulted.

For the year 1933 your Committee received an appropriation of \$41,890.46, including the dog tax, to operate the school system. By careful and conservative operating, we were able to keep within this amount.

The town of Hamilton, during 1933, was reimbursed by the State Department of Education the sum of \$3,430. which brings our net school cost down to \$38,460.46 for the year of 1933, showing the largest reduction in the expenditures for schools which has been made in years. This is particularly outstanding as we have three buildings to operate instead of two as formerly.

At the present time several tuition pupils from the town of Wenham are attending our High School. The tuition charge is \$105. per pupil.

We ask for an appropriation to finance the School Department for 1934 of \$41,808.60, including the dog tax, in contrast with an appropriation of \$41,933.74 for 1933. This shows a reduction of \$125.14 over the past year and indicates a cost, based on registration in September of 1933, of \$97.50 per pupil as compared with a cost of approximately \$105. per pupil in 1933.

For your information and approval, we submit our 1933 budget in comparison with our 1934 budget.

	1933 Budget	1934 Budget
Salaries	\$31,999 16	\$33,418 60
Textbooks and supplies	1,565 00	1,525 00
Fuel	1,600 00	1,725 00
Electricity and Gas	600 00	450 00
Janitors' Supplies	235 00	235 00
Maintenance	950 00	400 00

Transportation	4,436 30	3,515 00
New Equipment	200 00	150 00
Miscellaneous	275 00	390 00
	<hr/>	<hr/>
	\$41,860 46	\$41,808 60

The contract for transportation of school children was awarded during 1933. Previously the charge to the Town was \$23.98 per day or \$4,436.50 per year. The new three-year contract places this cost at \$19.00 per day or approximately \$3515. per year. Nearly all purchases have been made on a competitive basis, which has been reflected in reduced operating costs.

In anticipation of higher prices and in order to furnish our Domestic Science Department with the necessary equipment to take care of its enlarged enrollment we are recommending a special appropriation of \$600.

GENERAL

You have a school system of which you may be proud. It is a fundamental improvement over ten years ago, is abreast of the times, and is emphasizing the Cardinal Principles of Education. Harmony is the fundamental spirit for the success of any school system.

We wish to thank parents, town officers, faculty, students, and citizens, for their sincere cooperation during the past year.

Respectfully submitted,

FREDERICK C. HOLLAND,
Chairman

JAMES H. CONWAY,
Secretary

ROBERT ROBERTSON, JR.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,

Dear Sirs:

My eleventh annual report is herewith presented for your consideration.

ENROLLMENT—SEPTEMBER, 1933

Post Graduates					5
Total	193		26		213
Grand Total					432

PROMOTIONS

Promotion reports in June showed that 191 pupils received full promotions, 6 pupils received conditional promotions, while 29 were not promoted.

This number not promoted was exceptionally high but in every

case the pupil was given the benefit of the doubt, if his promotion seemed to hang in the balance, and if a promotion seemed justified by all facts at hand.

In grades where possible, two or more divisions are made in the important subjects, that teaching methods and the amount of work required may vary according to the individual ability of the pupils. In cases where it is necessary to make more than two divisions, it is seldom that the pupils of the third division can accomplish the required work for promotion.

There being but one grade or division for regular work after reaching the seventh grade requires that our standards for promotion in the first six grades shall be exceptionally high.

It is far more important that pupils do a high grade of work in the elementary and junior high school than to just make the grade and fail utterly in the senior high school.

The records of pupils after leaving our schools seem to justify our procedure in requiring a high standard of work to obtain promotion.

NURSERY SCHOOL

Through aid provided by the Federal Government, a Nursery School has been established in the South School at Hamilton for children of Hamilton and Wenham. The school is to be conducted three hours on three mornings each week until June 30th. There are enrolled twenty-six from Hamilton and seven from Wenham. Wenham provides a share of the equipment for the school.

In case government funds are not available for continuance of this work after June 30, it is hoped that either the towns will find it possible to maintain the school as a part of the public school program or that parents of children of Nursery School age will provide the funds for continuing the work.

TEACHERS

We have been most fortunate in retaining the services of all full-time teachers employed in the grades and high school. At the close of schools in June, Miss Frances Stockley terminated her services as Art Supervisor. Miss Grace Jenkins of Andover, who had supervised art in the Wakefield schools for a number of years, was secured to devote one day monthly to teaching and supervising art in the elementary grades. It has been necessary to have all art teaching in the junior high school taught by one of the regular teachers.

By the reduction of the school budget the services of Miss Maude Thomas, the supervisor of music, were reduced to one day per month. Miss Thomas devotes this one day, monthly, to teaching and supervising music in the grades. Music in the high school is conducted by one of the regular teachers.

To provide the services of an extra teacher in the high school, Mr. Forrest Branch was elected to begin his services December 1st. Mr. Branch teaches science, supervises the study hall and coaches the varsity teams.

ADMITTANCE TO SCHOOL

Intelligence examinations were given to five children who were not of sufficient age according to the regulations of the School Committee to enter the schools in September. Three of these attained the required mark and were admitted.

REGULATIONS FOR APPROVAL OF HIGH SCHOOLS

The State Department of Education sets up standards for the approval of all high schools in the Commonwealth. High schools are approved annually as Class A or Class B. That the public may better understand the standards to be maintained for our high school to be rated as a Class A school, I give below excerpts from the regulations of 1933.

1. "A high school in Class A may certificate to a state teachers college or to the Massachusetts School of Art any graduate in subjects in which they have a mark of A or B."

2. "Exclusive of the principal, the number of teachers in the school should be such that in general the ratio of pupils in the membership of the school to teachers does not exceed thirty to one."

3. "In applying this regulation, the number of teachers per pupil shall be estimated as follows:

Each teacher devoting full time to the school shall be counted as one teacher even if such a teacher conducts more or less than twenty-five periods per week of teaching. Each teacher not devoting full time to the high school shall be counted as a fractional teacher and such fraction shall be obtained by dividing by twenty-five the number of periods per week of teaching conducted by the teacher."

4. "In schools of fewer than two hundred pupils, not over fifty per cent of the classes in the school shall contain more than twenty-five pupils each, and not over twenty-five per cent of the classes shall contain more than thirty pupils each. No class of more than thirty pupils shall be instructed by a teacher of less than two years' experience."

5. "The requirement for graduation shall be at least fifteen units. A unit represents a year's study in any subject in a secondary school, constituting approximately one-fourth of a full year's work. To count as a unit, the recitation periods shall aggregate approximately 120 sixty-minute hours. Shop or laboratory periods count one-half as much as recitation periods."

6. "The efficiency of instruction and the general intellectual and moral tone of the school are of prime importance, and consequently the school must stand well in these respects in order to be rated in Class A."

7. "The lighting, heating, and ventilating of the rooms and the

methods of cleaning shall be such as to insure conditions recognized as hygienic by modern standards."

8. "The condition of the school building and its surroundings is an important factor in the influence of the high school. Hence the general appearance of the schoolrooms, halls, buildings, and yards, the care of books and supplies, and the condition of the blackboards, must receive proper attention."

9. "The number and character of classrooms, recitation rooms, and laboratories and the equipment of the school shall be such as may reasonably be expected in a Class A high school."

10. "All of the high schools which fail in important particulars to meet the above requirements especially those in Sections 2, 4, 5, 7, 8, and 9 shall be rated as Class B. schools."

These regulations are but the minimum requirements for classification. It is not our purpose in conducting our school to assure ourselves that we have met the several regulations and then stop making progress. The principal and entire school faculty are endeavoring to provide as broad an educational program as is humanly possible that the students may be taught the fundamentals of the several subjects and be trained in assuming various responsibilities about the school that they may take a personal interest in school and enjoy the many opportunities provided within the school organization.

POST GRADUATES

The number of pupils desiring to pursue a post-graduate course in high schools is continually increasing. Pupils pursuing a post-graduate course are either desirous of obtaining a more satisfactory preparation to do advanced study in other institutions or of pursuing studies to better prepare them for special gainful occupations. Standards for admission to educational institutions beyond high school are continually being raised, thereby making it more difficult to secure admission and to remain as a student

after once accepted. Students should therefore avail themselves of every educational opportunity to further their preparation for work in advanced schools. Due to the depression, graduates of high schools are finding it very difficult to attend schools of their choice or to secure a position. Rather than waste their time they prefer to continue their studies in our high school.

The number of deserving young people desirous of furthering their education beyond high school, and to whom the cost prohibits if they must leave home has already been instrumental in the organization of junior colleges as a part of several city school systems. Such a plan is of course beyond reason for Hamilton. However, insofar as possible with our present teaching force, we should give as wide an offering of subjects as possible to meet the desires of all high school graduates who wish to improve their education at our school.

SCHOOL EXHIBIT

We propose to devote part of a day annually to demonstrating to parents the abilities of our pupils and quality of work accomplished in the several grades.

Such an opportunity was afforded last May when a school exhibit was held at the South School.

One of the vacant classrooms was devoted to exhibit of school work. Here on walls and tables was displayed some work of every pupil. Parents expressed their amazement that such splendid work is accomplished in the several subjects.

In another of the vacant rooms Miss Madeline Featherstone, who had given her services in supervising physical education throughout the elementary grades, conducted demonstrations in physical education.

In each classroom teachers conducted their regular classes and also staged some special work prepared for the occasion. Following the close of school tea was served parents by the teachers at

which time there was opportunity for parents to meet teachers and talk over school matters of mutual interest.

The attendance at the above exhibition of work was the largest in many years. The interest demonstrated by the parents warrants our holding a similar exhibit this year.

HEALTH

Your Committee provides the services of a School Physician and School Nurse to conduct physical examinations, clinics, etc., for the purpose of detecting physical weaknesses and, as necessary, to instruct the parent or child in building up a resistance against any physical defect detected. As a result of the above preventive work by the physician and nurse our school children are, generally speaking, in excellent physical condition to do their school work.

Due to the fact that the health regulations of the town did not require that pupils excluded from school because of a contagious disease should be quarantined at home and due to the fact that many cases of illness were not diagnosed by a physician and therefore not reported to the Board of Health, the epidemic of whooping cough spread rapidly during the months of October and November.

Approximately one hundred children were excluded from the school. These pupils were absent from school three to ten weeks. Every possible effort is being made to allow these pupils to make up their back work, but doubtless there will be many cases where it will be impossible for pupil to bring the work up to a sufficient grade to warrant promotion in June.

Parents will be of inestimable assistance to our schools if children showing signs of illness are kept from school and away from those outside the family until the case is diagnosed by a physician or the child has recovered from the illness.

Regular school attendance is not required of pupils who should be at home rather than in school.

In closing I wish to express appreciation for the splendid cooperation I have received from the School Committee, the several organizations of the town, the parents and teachers in the work of administering the schools.

Respectfully submitted,

JOHN D. WHITTIER

February 1, 1934.

REPORT OF HIGH SCHOOL PRINCIPAL

*Mr. John D. Whittier,
Superintendent of Schools,
South Hamilton, Massachusetts.*

Dear Mr. Whittier:

I submit herewith my second annual report.

At the present time I feel that there is a very cooperative and sincere relationship existing between the teachers and pupils. This is very helpful and necessary for successful teaching. I am pleased with the choice of our School Committee in selecting Mr. Forrest Branch as a member of our teaching force. I trust that he will find his duties in Hamilton pleasant.

The activities which the school has sponsored during the past year have been guided by teachers who recognize and understand that there exist certain tastes and appreciations, knowledge and skills, habits and moral characteristics which are necessary to be developed in pupils for their increased happiness later in life. Realizing this, I have attempted to make every activity in the school measure up to this standard.

In the annual government speaking contest, sponsored by Mr. Elbridge R. Anderson and held in Wenham last spring, a junior high school team of four members won most of the individual prizes, as well as the team prize. The team prize, which was a beautiful cup, is now proudly exhibited in my office and we hope that those who represent our school in the contest this year may score sufficient points that Hamilton can retain this cup for another year.

During the latter part of May, the school sent a small select group of track men to Fitchburg to compete in the State Relay Carnival. Hamilton won both relay races in its class and thus not only brought home a banner as the prize for each race, but

a beautiful trophy as the team prize. The banners are now hanging on our gymnasium walls. We were proud to have these boys bring honor to Hamilton High School.

The varsity baseball team was supplied with new uniforms last spring. The suits are of excellent quality and should last several seasons. It was also necessary to outfit our basketball team with new uniforms, since this was the first season that the school had sponsored this sport. These two items meant heavy expense in the athletic department last year. Football is always expensive because of the necessity of frequent replacement of equipment. With great satisfaction however, I can say that the school had met all its financial obligations at the close of school in June.

In recognition of participation in inter-school athletic contests, the school offers to both boys and girls, a varsity letter "H" which may be worn by the receiver. The type of letter given varies in each of the three major sports. In football we offer the full-block; in basketball the plain letter; and in baseball an Old English type. These letters are six inches in height and are made of green chenille on a white felt background. Our present policy is to award but a single letter of any one type to a boy or girl. The second and each succeeding time that the same pupil earns a letter in the same sport, he is awarded a bar. This bar is made of material similar to the letter and may be worn under the letter. This then signifies that the boy or girl has earned the right to wear this letter as many seasons as he has bars plus the letter. If a pupil earns the equivalent of a letter in the same sport each season that he has been in the high school, we award a star to him in his senior year.

The Hamiltonian, our school magazine, was issued as a graduation number last June. It was a splendidly assembled paper and was well received by the townspeople. It contained forty pages of printed matter, twelve half-tone pictures, the majority of which I took myself as a means of saving expense, and a special cover.

This magazine, which cost approximately \$150 to print, was managed in such a manner as to be financially self-supporting.

On the twenty-second of June, twenty-one pupils were graduated from the senior high school. The program was very impressive. The graduates who spoke centered their orations around a unit theme: "Our School." A feature of the program was the formal acceptance of the school grounds which were given to the Town by Mr. Frederick Winthrop as a memorial to his wife, Dorothy Winthrop. A picture of the memorial gates, which are at the entrances to the grounds, also a gift of this same generous citizen, adorned the first page of the graduation program.

The members of the present senior class are actively engaged in earning money for a trip to Washington this spring. The mothers are very enthusiastic about having this trip materialize and it is most gratifying to me that plans are progressing so well. The proceeds from many dances, card parties, rummage sales, suppers, etc., have all helped to swell the funds. I wish the public to know that the mothers and myself greatly appreciate the interest and effort that the many community organizations are exerting to help make possible this trip.

A very entertaining play in the nature of a farce, and called "Cyclone Sally" was presented by the senior class at the Community House during December. This was well received by the public. The performance given the second night was followed by dancing. The net proceeds were given to the senior class toward their Washington trip.

The student council is functioning smoothly this year. This representative group of pupils meet with me every two weeks and we consider those matters which will improve the school. Early this year, each organization was started with a clean financial slate and informed that it would be expected to continue to function in such manner as to keep out of debt. This year there are no school dues. Class dues are levied by those classes which

desire them. A charter was given for an athletic council this year. This consists of three senior high school pupils and one junior high school pupil plus the captain of a varsity team in season. This group is under the guidance of Mr. Malone, our faculty manager. Its purpose is to guide and control athletics in general. This group is subordinate to the student council.

Junior and senior high school assemblies are conducted separately once a week for three weeks out of every four. On the fourth week, we have a combined assembly of both groups. There have been additional times during the year when special assemblies have been held for the entire school, such as that held recently for the Venetian Glass Blowers. Separately conducted assemblies have been found to function more smoothly because of the fact that our assemblies are pupil-conducted and there is less difference in the group age. This is important when one gives consideration to the likes and appreciations of different age-levels.

Many socials in the form of semi-public dances have been conducted this year. These socials have all been held for the purpose of securing money. It would be very gratifying if more money could be appropriated for the maintenance of allied school activities. The methods of earning a few hundred dollars are very limited in a school. This is especially true when a portion of this income goes to the senior class for the Washington trip. My chief concern is regarding the fact that our social side of education to the pupils is set too far in the background because of the necessity of having outsiders come to our dances so that we may receive their gate receipts. The social aspects of modern education could be made more beneficial if this monetary aspect did not predominate.

Sewing is now offered as an elective to senior high school girls. Many useful articles are being made in this class. I am desirous of keeping such a practical course open to this older group.

Hygiene is being taught as a regular subject in grades seven and eight. This subject is also touched upon in each of the three years of our general science course. The teaching of this subject stresses the doing rather than the abstract knowing of the truths. This type of teaching is preferable in all subjects, but especially in those dealing with health problems.

The citizenship class contains but few pupils as compared with previous years. Teachers of this group offer individual help to the group members with the intention and hope that each may return to his regular classes as soon as possible. At the end of each five-week period, the junior high school teachers meet with me to consider which pupils will receive more benefit from being in a small group where individual instruction predominates. These pupils are classified as the citizenship group. It is understood by all ninth-grade pupils that a pupil who has been a member of the citizenship group consistently for the last half of the school year, will not be promoted into grade ten of the senior high school. This ruling by the School Committee is fair to the few pupils who might be classified in this group, as it forestalls failure the next year. This is due chiefly to the fact that achievement counts much more in senior high school than it does in the earlier grades.

Hamilton High School continues to be rated as a Class A high school by the State. I have recently been notified that Hamilton High School may also apply for a four-year renewal in its certification privilege to New England colleges. I am pleased to report such items to you because they show that the high standards of the school are being maintained, and I trust continually improved.

I wish that I might impress on the parents, the personal loss and undue hardship caused by absence from school. It is a noticeable fact that usually the pupil who can least afford to miss the teacher's instructions, is most frequently absent. I also want to

stress the fact that every absence requires a note from a parent or guardian the first day the pupil returns to school.

I would prefer to see the school running on a daily six-period schedule instead of the present seven periods. Each period would then be 50 minutes instead of 40 minutes in length. Under this plan a portion of each period would be devoted to study in the subject room and under the supervision of the subject teacher. This would not mean less time in school for lesson preparation but would mean that instead of studying where the teacher in charge often taught none of the pupils present, each would be under the supervision of the subject teacher who best understood the approach to the subject and the help each pupil needed most.

It has been said, that the only unchanging law of the universe is the law of change. Every economic, political and cultural change that society undergoes places new demands upon the individual. Each of these changes, whether large or small, creates an educational responsibility, and most of them we must consider as school opportunities. We therefore need a flexible curriculum; one that can change with the rapid change of modern life. Our school is pupil-centered and it is for the good of the child that the school exists.

It seems to me that we are teaching children for an unknown future. With the rapidly changing economical and social aspects of our environment, it appears that the problem of teaching is in the direction of directing pupils to acquire correct and proper habits, attitudes and skills. The best teaching is done when the knowing of the "how" and "why" is stressed. We want to teach pupils to recognize problems and then having recognized them, to guide them in dealing with them, instead of supplying ready-made answers. The problems of today will not be their problems of tomorrow. We must also keep in mind what is best for society, and also develop the individual to be able to better himself. Effective teaching today then points toward the developing of

good citizens, and at the present time. I believe that the goals of present-day teaching should be especially toward developing individuals toward improving their health, ethical character, fundamental knowledge and the proper use of their leisure time. These are the present aims of Hamilton High School and I trust that I have been able to make this trend noticeable in the preceding paragraphs.

Before bringing this report to a close I wish to tell you what inestimable help you have been to me in guidance and assurance during the past year. It has been a pleasure to work with you in carrying out the policies of our School Committee and I trust that the coming year will continue to bring enriched teachings to the children of Hamilton.

Respectfully submitted,

ROLAND W. PAYNE

REPORT OF SCHOOL NURSE

*To the Superintendent of Schools,
Hamilton, Massachusetts*

Dear Sir :

The following is a report of work done at the schools for the year ending December, 1933 :

Total enrollment	421
Number of times school visited	199
Number sanitary inspections	68
Number classroom inspections	240
Number clerical work hours	147
Number home calls	176
Number first-aid dressings at schools	334
Number weighed and measured :	
Grades 1-8 three times a year	625
Number 10% or more underweight	35
Result of eye and ear examination :	
Number defective eyes	9
Number defective ears	4
Previous to above examination number eyes corrected	10
Number immunized against diphtheria	31
Number having Schick test	29
Result of Chadwick clinic, all schools :	
Number having skin test (Von Pirquet)	250
Number reacting to test	123
Number X-rayed	128
Number having follow-up physical examination	24
Number reported cases—Hilum	1

Result of physical examination by Dr. Corcoran, School Physician :

Defective tonsils	22	Corrected	15
Defective glands	3	Cervical Adenitis	3
Defective heart	4	Under treatment	2
Defective posture	41	Dental certificates	69

Dr. Whitehead conducted a Dental Clinic through the sixth grade. A complete report will be sent to me when his work has been completed.

Contagious and communicable diseases reported :

Whooping Cough (reported to date)	84
Impetigo	25
Ring Worm	8
Ivy	14
Athlete's Foot	1
Eczema	1

Respectfully submitted,

FLORENCE L. STOBART, R. N.,

School Nurse.

HONOR LIST

The following pupils received no rank below A or B for the entire school year 1932-1933:

JUNIOR-SENIOR HIGH

Alice Dunn	Nancy Knowlton
Tasea Pappas	William Preston
Catherine Farrell	Sidney MacDonald
Albert Webb	Mary Walsh
Edna Sprague	Thelma Mann
Margaret Sargent	Irene Tree
Arthur Hansbury	William King
Gertrude Sprague	Louise Moulton
Barbara Maxwell	Jeanne Hipson
William Moore	Betty Bingle
Minnie Wetson	Myrtle Allen
	Betty Davison

ATTENDANCE

The following pupils were perfect in attendance at school during the year 1932-1933:

ADELAIDE DODGE WALSH SCHOOL

Celia A. Moore	Mary F. Moore
Louise W. Moore	

SOUTH SCHOOL

Ebba Gertrude Anderson	Mary Danforth
Rhoda E. Emeney	Walter B. Maxwell
James Stelline	Betty I. Dodge
Veronica M. McParland	John V. McParland
Evelyn M. Dodge	

JUNIOR-SENIOR HIGH

Fred Stubbs	Robert Farrell
Virginia Gould	Amy Dolliver
Hazel Manthorn	Georgina Cracknell
Walter Fowler	Arthur Moore
Katherine Cracknell	Thelma Mann
Margaret Sargeant	Irene Tree
Charles Dolliver	Harold Knowlton
Lawrence Lamson	

PENMANSHIP

Withdrawals	130 23	
Balance, January 1, 1934	—————	\$291 16
Number of depositors		173

AGE OF ADMITTANCE

Pupils entering school in September must have been at least five years of age on April 1st preceding entrance in September.

VACCINATION

Children who have not been vaccinated will not be admitted to school in September unless they present a certificate from a regular practicing physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation, as certificates of vaccination or exemption must be presented at the opening of school to entitle children to admission.

NO-SCHOOL SIGNAL

22—22 repeated at 7.30 a. m. means that there will be no school for the entire day.

22—22 repeated at 12.30 p. m. means there will be no school in the afternoon.
